RULES

- 1) While the League is in its infancy there will be no restriction on guest players but this may change in the future as it is hoped clubs will develop a senior base and be able to field teams of their own licence holders only.
- 2) Players will be registered at weigh in, it is not necessary to list player names on the entry form.
- 3) No more than 10 players can be registered with a club on the day in the mens team and 6 in the ladies.
- 4) Prior to the team being called to the mat the team manager must hand a list of team members to Control in a sealed envelope. It is not necessary to keep the same team throughout the competition, but players may only fight one weight group above their registered one.
- 5) The starting order of contests will be decided by the team captain who wins the toss of a coin, (i.e. not necessarily lightest weight first).
- 6) A mens team cannot compete with less than 3 players, a ladies team less than 2 - in the event of any injury and a team of 3 or 2 withdrawing their matches will be null and void.
- 7) There will be Golden Score to decide contests in accordance with IJF rules
- 8) 3 points to the winning team or 1 point each in the event of a tie.
- 9) In the event of teams being level, a medal and/or league position will be determined by a refight of 1 weight category, which will be drawn from a hat. That contest must be re-fought by the players who originally fought with no substitutions allowed. If a player is injured, the match will be awarded to the opposing team.
- 10) Judo clubs must register with their affiliated club name (regardless of the number of guests).
- 11) Where possible it is desirable to wear blue/white judogi. This is not compulsory but all team members must wear same colour judogi.
