

## **Coach rating SYG Championships document**

**This document is for the borough judo coach to ensure it is accurate.**

Please see the coach rating guidelines below. The success of the competition will hinge on how we as coaches, effectively rate the child.

This coach rating is a private score between the coach and the organiser and will not be made public. Its sole intention is to create the fairest possible groups; alongside weight, date of birth and gender.

**Please think of the system as a safety net for those children who are least confident and an opportunity to stretch the most able judoka within your borough team. It is this simple.**

Ratings are from the lowest end at 1 (Least confident/timid) to 5 (Very confident/durable and tough)

### **Coach rating criteria**

- All players must be given a coach rating system from 1-5 to be able to compete.
- Players rated 1-2 will be the most inexperienced and be players that need protecting as they may be timid, lack confidence and are not overly sporty.
- Players rated 4-5 will be confident, more assertive and perhaps play several sports
- EVERY player entered MUST have a coach rating from 1-5:

1 = Timid, lacks confidence

2 = Not very sporty, lack self-belief

3 = Robust and co-ordinated

4 = Strong, sporty, confident

5 = Tough, very able
